

교과목명	Spanish Conversation	교수명	Rosa Eugenia Rivas Hurttado
학년	B2	학점	Advanced level

과목개요	To provide the students practice using the grammar and vocabulary of the Spanish language. The presentations are intended mainly for intermediate-advanced students who have already studied the basic structures of Spanish.
학습목표	To reinforce the students the structures already studied. The presentations concentrate on those structures and vocabulary which intermediate-advanced students want to use but often cause difficulty.
학습방법	Use the presentations according to the point you want to practice. Study the explanations and examples carefully. Do the exercises and check the answer with the key at the end of each presentation. If the answers are not correct, study the explanation and examples again to see what went wrong.
