

교과목명	영한번역연습	교수명	조운익
학년	3학년	학점	3학점

과목개요	Translation basically pursues naturalness; however, some critics stand against it. In a large, translation can be the reproduction of an original text with another target text. Building upon this concept, the course focuses on some key translation theories, guiding students to different types of translation from such translation angles.
학습목표	This course is designed; 1) to strengthen students' awareness of translation strategies 2) to expose students to the translation skills
학습방법	1. Teacher-fronted 2. Group projects
교재	1. Handouts 2. Translation, Oxford
참고도서	1. Introducing translation students, Jeremy Munday 2. Language and culture, Claire Kramsh
평가방법	1. 상대평가 2. 프로젝트발표
