## III. Course Policies

1. Attendance: Class attendance is the most critical component of class participation thus students are expected to attend all classes. Students with more than two unexcused absences may risk failure. This policy exists because the social work program is one of professional preparation. In addition to acquiring theoretical knowledge, students are expected to acquire professional values, to integrate knowledge from a range of courses, to develop professional skills and be socialized into the profession. The faculty of the EWHA GSSW is convinced that this cannot be accomplished through independent study alone. Therefore, attendance at classes is required unless legitimate and special reasons exist for absences and tardiness. If students are tardy at school THREE TIMES, it is considered as absence. Any such absences or tardiness should be discussed directly with the course instructor.

2. Class Participation: Students will be expected to pro-actively engage in classroom discussions and exercises. Critical thinking and inquiry are perhaps the two most important points in our course, both of which require active interaction of thoughts and ideas. Also, feel free to ask questions to check your knowledge.

3. Missed Class & Assignments: Students only receive credit for an assignment in the case of an excused absence. Students will also be responsible for all material covered in class and any future assignments in case of absences and tardiness.

**\*Please Note: Any assignment that is handed in late without prior permission of the instructor will automatically receive a lower grade.**

4. Academic Integrity: Students have the responsibility to know and observe the requirements of academic integrity. It is not permissible to cheat, to fabricate or falsify information, to submit the same academic work in more than one course, to plagiarize or to abuse academic materials. Grades in this course include a judgment that the student's work is free from academic dishonesty of any type. Thus grades will be adversely affected by academic dishonesty. Serious violations will lead to failure of the course. If you are unsure about what constitutes plagiarism or some other violation of academic integrity, please see me.

5. Sleeping: Stay awake. Failure to do so will negatively impact your class participation grade.

6. Mobile phones: Prior to class turn them off or put them in silent mode.
