1) 교과목 개요(Course Description)

From Dynamic Korea to Creative Korea!

This course is an 101 introductory course for those who are interested in understanding and experiencing the essential parts of Korean culture. It will deal with many facets of Koreaness such as K-architecture, K-film, K-drama, K-pop, K-food, K-tourism, K-traditional music, K-paintings, K-dance and Korean cultural history. As you might know, Korea is a dynamic and creative nation with about five thousands years of cultural history. However, little was known about it internationally until half a century ago. From the late 20th century, the miraculous development of the Korean economy and society, led by people's educational passion, industrialization and democratization, and followed by the so-called Korean Pop culture. "The Korean Wave" has put Korean culture on the frontline on the global news and media. This course will make you experience and understand the essence of Korean cultures. Ten specialists from each part of Korean culture will be in

2) 교육목표(Course Objective)

This course aims at filling the gap and overcoming the barriers between cultural difference in order to understand the other cultures and make them our own by experiencing them and questioning and debating. In the age of globalization, people still feel some kinds of barriers and gaps in between. However, the barriers and gaps are diminishing as cultural exchange and technological advances in internets and smartphones, social network services and communication evolution. The cultural exchange and networking presents a growing opportunity for understanding the others and communicating with people from various ethnic and racial, religious background. Go

beyond differences and beyond your comfort zone! this is the enjoyable goal of this class. Come and join! Let's Play! together! Thanks
