개발 계획 및 전략

과목명	Global Leadership
강의목표	<ol style="list-style-type: none">1. To make the students understand the importance of leadership in an organization.2. To familiarize the students with the duties and responsibilities of an effective leader.3. To help the students improve their English communication skills in order to reduce the language barrier that they usually encounter when joining global leadership camps.4. To provide the students with the various strategies on how to acquire the most desirable leadership qualities.
강좌개발 계획 및 전략	<p>Hanseo University has an annual global leadership camp that aims to promote student leadership among Hanseo students and those coming from sister universities in other countries. This course is an elective for all majors and is highly necessary especially those who participate in the global leadership camps or those who are students leaders in their respective departments. It is very important that the students are taught the basic skills of leadership so they would be aware of what is expected of them and how they can fulfil these expectations more effectively. By studying this leadership course, the students would be guided on how to become more efficient leaders who can easily adjust to cultural differences, while becoming more aware of their leadership potentials and capabilities. Also, their English proficiency would be improved.</p> <p>There would be a short quiz at the end of every lesson and a midterm and final assessment as well.</p>

공개강의 적합성	Generally, this course aims to increase the students' access to high quality learning materials. Specifically, this course aims to prepare the students for various leadership roles in their respective departments and even in university-wide leadership functions. This course also provides an opportunity to prepare the students express themselves in English in order for them to easily relate to other student leaders coming from different countries. This course is very appropriate for an online course to enable the students to learn the material in the most convenient manner and time.
