

2018 Year E-learning (KOCW)/ Culture Course Development content Results report

Developer	Department	컴퓨터정보보안과	Position	원어민강사
	Name	Neil Simpson Munro		
Content name	Korea	여행으로 배우는 영어회화		
	English	English Conversation with Travel		
Development result	The main goal of <b>English Conversation with Travel</b> will be on teaching the students how to comfortably and confidently communicate in English when traveling abroad. Students will learn a lot of relevant vocabulary and key phrases that will enable them to successfully overcome many obstacles and difficulties that tourists always encounter when they travel to a different country. Students will learn to overcome challenging but unavoidable situations that will arise in the airport; the hotel; the restaurant; when using public transportation; money exchange; sightseeing; asking for directions; emergency situations; hospital visits; making plans; shopping; booking tours; appropriate etiquette and how to avoid offending people from different cultures; and so much more.			
Development result Utilization Plan and Expected Effect	<p>Through this course students will become efficient English speakers when travelling abroad and can become positive and personable global representatives of the Republic of Korea.</p> <ol style="list-style-type: none"> <li>1. This course can explain the importance and necessity of speaking English when travelling.</li> <li>2. This course can explain the types of expressions required for specific kinds of Travel situations.</li> <li>3. This course can explain how to use the correct English to survive comfortable and uncomfortable situations with foreigners.</li> <li>4. This course is the correct choice for showing students the correct methods of how to improve their English.</li> </ol>			
Note when writing	<ol style="list-style-type: none"> <li>1. Use extra paper if space is low</li> <li>2. 'Development result' When you're writing here, put a number in front of you and keep it short so you can list important points or words.</li> </ol>
